UC Davis Financial Aid

CalFresh Eligibility Certificate

Gurender Singh (914337063)

CalFresh (federally known as the Supplemental Nutrition Assistance Program or SNAP) is a federally mandated, state-supervised, and county-operated government entitlement program that provides monthly food benefits to assist low-income households in purchasing the food they need to maintain adequate nutritional levels. The amount of the benefit is based on the size of your household, your income, and your housing expenses.

A student can be eligible for CalFresh if they are approved for state or federally financed work study for the current school term as defined by the institution, and anticipating working during the term.

Based on the Free Application for Federal Student Aid (FAFSA) information, Gurender is approved for Federal Work-Study for the 2017-2018 fiscal year, beginning July 1, 2017 through June 30, 2018.
